

Privacy Policy

Effective date: August 9, 2026

Last updated: August 9, 2026

Vestora Financial, Inc. (“Vestora,” “we,” “us,” or “our”) provides a digital investment platform that allows customers to hold equities, digital assets, physical gold, fractional real estate, and managed portfolios through a single account. This Privacy Policy explains what personal information we collect, how we use and share it, the choices available to you, and how we protect your information when you use our website, mobile application, and related services (collectively, the “Services”).

By creating a Vestora account or otherwise using the Services, you acknowledge that you have read and understood this Privacy Policy. If you do not agree with our practices, please do not use the Services.

1. Information We Collect

We collect information in three ways: information you provide directly, information collected automatically through your use of the Services, and information we receive from third parties, including identity verification and financial data providers.

1.1 Information You Provide

- **Identity information** — full legal name, date of birth, residential address, government-issued identification number (e.g., Social Security Number or equivalent), and a copy of a government-issued photo ID, as required for identity verification under applicable know-your-customer (KYC) regulations.
- **Contact information** — email address, phone number, and mailing address.
- **Financial information** — bank account and routing numbers, income and employment information, source-of-funds declarations, and investment objectives or risk tolerance provided during onboarding.
- **Account credentials** — username, password (stored only in hashed form), and two-factor authentication details.
- **Communications** — information you provide when contacting customer support, responding to surveys, or otherwise corresponding with us.

1.2 Information Collected Automatically

- **Device and usage data** — IP address, device identifiers, browser type, operating system, referring URLs, pages viewed, and timestamps of activity within the Services.

- **Transaction activity** — deposits, withdrawals, trades, allocations, and portfolio performance history associated with your account.
- **Cookies and similar technologies** — as described in our Cookie Policy, we use cookies and comparable tools to operate the Services, remember preferences, and measure performance.

1.3 Information From Third Parties

- Identity verification and fraud-prevention providers, who confirm your identity and screen against sanctions and politically exposed person (PEP) lists.
- Credit bureaus and financial data aggregators, where relevant to account eligibility or linked bank account verification.
- Custodians and clearing partners that execute or settle trades and asset transfers on your behalf.

2. How We Use Your Information

We use the information we collect for the following purposes:

Purpose	Examples
Account services	Opening, verifying, and maintaining your account; processing deposits, withdrawals, and trades.
Legal and regulatory compliance	Satisfying KYC, anti-money laundering (AML), tax reporting, and sanctions-screening obligations.
Security and fraud prevention	Detecting, investigating, and preventing unauthorized access or fraudulent activity.
Product improvement	Analyzing usage patterns to improve platform performance, features, and reliability.
Communications	Sending account notifications, security alerts, service updates, and, where permitted, marketing communications you may opt out of at any time.

3. How We Share Your Information

Vestora does not sell your personal information. We share information only in the following circumstances:

- **Service providers** — custodians, payment processors, cloud infrastructure providers, and identity verification vendors who process information on our behalf under contractual confidentiality obligations.
- **Regulators and law enforcement** — where required by applicable law, court order, or regulatory request, including under securities, banking, and anti-money laundering regulations.

- **Corporate transactions** — in connection with a merger, acquisition, financing, or sale of assets, subject to standard confidentiality protections.
- **With your consent** — for any other purpose disclosed to you at the time of collection and to which you agree.

4. Data Security

We maintain administrative, technical, and physical safeguards designed to protect your information, including encryption of data in transit and at rest, role-based access controls, multi-factor authentication, and regular security assessments. Digital assets are held primarily in cold storage with institutional-grade custody partners. No system is completely secure, and we encourage you to use a strong, unique password and enable two-factor authentication on your account.

5. Data Retention

We retain personal information for as long as your account is active and thereafter for the period required to comply with our legal, tax, and regulatory recordkeeping obligations — which, for financial transaction records, is typically a minimum of five to seven years following account closure, depending on applicable law.

6. Your Rights and Choices

Depending on your jurisdiction, you may have the right to access, correct, delete, or port your personal information, and to object to or restrict certain processing. You may exercise these rights by contacting us using the details in Section 9. We will respond to verified requests within the timeframe required by applicable law. Note that certain information cannot be deleted while your account remains subject to active regulatory recordkeeping requirements.

7. International Data Transfers

Your information may be processed in countries other than your own. Where we transfer personal information across borders, we use appropriate safeguards, such as standard contractual clauses, consistent with applicable data protection law.

8. Changes to This Policy

We may update this Privacy Policy from time to time to reflect changes in our practices or applicable law. We will post the revised policy with an updated “Last updated” date and, for material changes, provide additional notice such as an email or in-app notification.

9. Contact Us

If you have questions about this Privacy Policy or wish to exercise your privacy rights, contact our Privacy Team at **privacy@vestora.com** or write to us at Vestora Financial, Inc., Attn: Privacy Team, 1 Market Street, Suite 400, San Francisco, CA 94105.

A note on scope

This Privacy Policy covers the Vestora platform generally. Additional disclosures specific to individual asset classes (such as digital asset custody or fractional real estate ownership) are provided within the applicable account agreements at the time you opt into those products.
